4. Notwithstanding the provisions of paragraphs 1 and 2, where a person, other than an agent of an independent status to whom paragraph 6 applies, is acting on behalf of an enterprise and has, and habitually exercises, in a Contracting State an authority to conclude contracts in the name of the enterprise, that enterprise
shall be deemed to have a permanent establishment in that State in respect of any activities which that person undertakes for the enterprise, unless the activities of such person are limited to those mentioned in paragraph 3 which, if exercised through a fixed place of business, would not make this fixed place of business a permanent establishment under the provisions of that paragraph.

5. Notwithstanding the preceding provisions of this Article, an insurance enterprise of a Contracting State shall, except in regard to re-insurance, be deemed to have a permanent establishment in the other Contracting State if it collects premiums in the territory of that other State or insures risks situated therein through a person other than an agent of an independent status to whom paragraph 6 applies.

6. An enterprise of a Contracting State shall not be deemed to have a permanent establishment in the other Contracting State merely because it carries on business in that State through a broker, general commission agent or any other agent of an independent status, provided that such persons are acting in the ordinary course of their business.

7. The fact that a company which is a resident of a Contracting State controls or is controlled by a company which is a resident of the other Contracting State, or which carries on business in that State (whether through a permanent establishment or otherwise), shall not of itself constitute either company a permanent establishment of the other.

Article 6

4. The provisions of paragraphs 1 and 3 shall also apply to the income from immovable property of an enterprise and to income from immovable property use for the performance of independent personal services.

Article 7

Business Profits

1. The profits of an enterprise of a Contracting State shall be taxable only in that State unless the enterprise carries on business in the other Contracting State through a permanent establishment situated therein. If the enterprise carries on business as aforesaid, the profits of the enterprise may be taxed in the other State but only so much of them as is attributable to (a) that permanent establishment; or (b) sales in the other State of goods or merchandise of the same or similar kind as those sold through that permanent establishment.

2. Subject to the provisions of paragraph 3, where an enterprise of a Contracting State carries on business in the other Contracting State through a permanent establishment situated therein, there shall in each Contracting State be attributed to that permanent establishment the profits which it might be expected to make if it were a distinct and separate enterprise engaged in the same or similar activities under the same or similar conditions and dealing wholly independently.

3. In determining the profits of a permanent establishment, there shall be allowed as deductions expenses which are incurred for the purposes of the permanent establishment, including a reasonable allocation of executive and general administrative expenses so incurred, whether in the Contracting State in which the permanent establishment is situated or elsewhere, which are allowed under the provisions of the domestic law of the Contracting State in which the permanent establishment is situated. However, no such deduction shall be allowed in respect of the amounts, if any, paid (otherwise than towards reimbursement of actual expenses) by the permanent establishment to the head office of the enterprise or any of its other offices, by way of royalties, fees or other similar payments in return for the use of patents or other rights, or by way of commission, for specific services performed or for management, or, except in the case of a banking enterprise, by way of interest on moneys lent to the permanent establishment. Likewise no account shall be taken in the determination of the profits of a
permanent establishment, for amounts charged (otherwise than towards reimbursement of actual expenses), by the permanent establishment to the head office of the enterprise or any of its other offices, by way of royalties, fees or other similar payments in return for the use of patents or other rights or by way of commission for specific services performed or for management, or, except in the case of a banking enterprise by way of interest or moneys lent to the head office of the enterprise or any of its other offices.

4. Insofar as the internal legislation of a Contracting State allows to determine the profits to be attributed to a permanent establishment on the basis of an apportionment of the total profits of the enterprise to its various parts, nothing in paragraph 2 shall preclude that Contracting State from determining the profits to be taxed by such an apportionment; the method of apportionment adopted shall, however, be such that the result shall be in accordance with the principles contained in this Article.

5. No profits shall be attributed to a permanent establishment by reason of the mere purchase by that permanent establishment of goods or merchandise for the enterprise.

6. For the purpose of the preceding paragraphs, the profits to be attributed to the permanent establishment shall be determined by the same method year by year unless there is good and sufficient reason to the contrary.

7. Where profits include items of income which are dealt with separately in other Articles of this Convention, then the provisions of those Articles shall not be affected by the provisions of this Article.

Article 8

Transportation Income

1. Profits of an enterprise of a Contracting State from the operation of ships or aircrafts in international traffic shall be taxable only in that State.

2. The provisions of paragraph 1 shall also apply to profits from the participation in a pool, a joint business or an international operating agency.

1. Where

(a) an enterprise of a Contracting State participates directly or indirectly in the management, control or capital of an enterprise of the other Contracting State, or

(b) the same persons participate directly or indirectly in the management, control or capital of an enterprise of a Contracting State and an enterprise of the other Contracting State,

and in either case conditions are made or imposed between the two enterprises in their commercial or financial relations which differ from those which would be made between independent enterprises, then any profits which would, but for those conditions, have accrued to one of the enterprises, but, by reason of those conditions, have not so accrued, may be included in the profits of that enterprise and taxed accordingly.

2. Where a Contracting State includes in the profits of an enterprise of that State, and taxes accordingly, profits on which an enterprise of the other Contracting State has been charged to tax in that other State and the profits so included are profits which would have accrued to enterprise of the first-mentioned State if the conditions made between the two enterprises had been those which would have been made between independent enterprises, then that other State shall make an appropriate adjustment to the amount of the tax charged therein on those profits. In determining such adjustment, due regard shall be had to the other provisions of this Convention and the competent authorities of the Contracting States shall if necessary consult each other.

3. A Contracting State shall not change the profits of an enterprise in the circumstances referred to in paragraph 1 after the expiry of the time limits provided in its national laws and in any case, after five years from the end of the year in which would be subject to such change would have accrued to an enterprise of that State.

4. The provisions of paragraphs 1 and 2 shall not apply if the beneficial owner of the dividends, being a resident of a Contracting State, carries on business in the other Contracting State of which the company paying the dividends is a resident, through a permanent establishment situated therein, or performs in that State independent personal services from a fixed base situated therein, and the holding in respect of which the dividends are paid is effectively connected with such permanent establishment or fixed base. In such case the provisions of Article 7 or Article 14, as the case may be, shall apply.

5. Where a company which is a resident of a Contracting State derives profits or income from the other Contracting State, that other State may not impose any tax on the dividends paid by the company, except insofar as such dividends are paid to a resident of that State or insofar as the holding in respect of which the dividends are paid is effectively connected with a permanent establishment or a fixed base situated in that other State, nor subject to the company's undistributed
profits to a tax on the company's undistributed profits, even if the dividends paid or the undistributed profits consist wholly or partly of profits or income arising in such other State.

Where a company, which is a resident of a Contracting State having permanent establishment in the other Contracting State, derives profits or income from that permanent establishment, any remittances of such profits or income by the permanent establishment to the company which is a resident of the first-mentioned Contracting State may, notwithstanding any other provisions of the Convention, be taxed in accordance with the law of the other Contracting State, but the rate of tax imposed on such remittance shall not exceed 5 percent, provided that such tax shall not apply to the extent the profits or income remitted have been reinvested in that other Contracting State.

Article 11

1. Interest arising in a Contracting State and paid to a resident of the other Contracting State may be taxed in that other State.

2. However, such interest may also be taxed in the other Contracting State in which it arises and according to the laws of that State, but if the recipient is the beneficial owner of the interest the tax so charged shall not exceed:

   (a) 5 percent of the amount of the interest in the case of banks;

   (b) 15 percent of the gross amount of the interest in all other cases.

In such case the provisions of Article 7 or Article 14, as the case may be, shall apply.

7. Interest shall be deemed to arise in a Contracting State when the payer is that State itself, a political subdivision, a local authority or a resident of that State. Where, however, the person paying the interest, whether he is a resident of a Contracting State or not, has in a Contracting State a permanent establishment or a fixed base in connection with which the indebtedness on which the interest is paid was incurred, and such interest is borne by such permanent establishment or fixed base, then such interest shall be deemed to arise in the State in which the permanent establishment or fixed base is situated.

8. Where, by reason of a special relationship between the payer and the beneficial owner or between both of them and some other person, the amount of the interest, having regard to the debt-claim for which it is paid, exceeds the amount which would have been agreed upon by the payer and the beneficial owner in the absence of such relationship, the provision of this Article shall apply only to the last-mentioned amount. In such case the provisions of Article 7 or Article 14, as the case may be, shall apply.

(a) Subject to the provisions of the laws of Barbados regarding the allowance as a credit against Barbados tax of tax payable in a territory outside Barbados (which shall not affect the general principle hereof):

(i) Venezuela tax payable under the laws of Venezuela and in accordance with the Convention, whether directly or by deduction, on profits or income from sources within Venezuela (excluding, in the case of a dividend, tax payable in respect of the profits out of which the dividend is paid) shall be allowed as a credit against any Barbados tax computed by reference to the same profits or income by reference to which the Venezuela tax is computed;

(ii) in the case of dividend paid by a company which is a resident of Venezuela to a company which is a resident of Barbados and which holds directly at least 5 percent of the capital of the company paying the dividend, the credit shall take into account (in addition to any Venezuelan tax creditable under paragraph (a)(i) the Venezuelan tax payable by the company paying the dividend in respect of the profits out of which such dividend is paid).

(b) The credit, however, shall in no case exceed the part of the tax, as computed before the credit is given, which is appropriate to the income which may be taxed in Venezuela.

Article 23

Non-Discrimination

1. Nationals of a Contracting State shall not be subjected in the other Contracting State to any taxation or any requirement connected therewith, which is other or more burdensome than the taxation and connected requirements to which nationals of that other State in the same circumstances, in particular with respect to residence, are or may be subjected.
2. The taxation on a permanent establishment which an enterprise of a Contracting State has in the other Contracting State shall not be less favourably levied in that other State than the taxation levied on enterprises of that other State carrying on the same activities. This provision shall not be construed as obliging a Contracting State to grant to residents of the other Contracting State any personal allowances, reliefs and reductions for taxation purposes on account of civil status or family responsibilities which it grants to its own residents.

3. Except where the provisions of paragraph 1 of Article 9, paragraph 7 of Article 12, apply, interest, royalties and other disbursements paid by an enterprise of a Contracting State to a resident of the other Contracting State shall, for the purpose of determining the taxable profits of such enterprise, be deductible under the same conditions as if they had been paid to a resident of the first-mentioned State.

4. The provisions of paragraph 2 shall not be construed to prevent Barbados from applying its tax on branch profits.

5. Enterprises of a Contracting State, the capital of which is wholly or partly owned or controlled, directly or indirectly, by one or more residents of the other Contracting State, shall not be subjected in the first-mentioned State to any taxation or any requirement connected therewith which is other or more burdensome than the taxation and connected requirements to which other similar enterprises of the first-mentioned State are or may be subjected.

6. This Article shall apply to taxes which are the subject of the Convention.

**Article 24**

*Mutual Agreement Procedure*

1. Where a person considers that the actions of one or both of the Contracting States result or will result for him in taxation not in accordance with the provisions of this Convention, he may, irrespective of the remedies provided by the domestic law of those States, present his case to the competent authority of the Contracting State of which he is a resident or, if his case comes under paragraph 1 of Article 24, to that of the Contracting State of which he is a national. The case must be presented within three years from the first notification of the action resulting in taxation not in accordance with the provisions of the Convention.

2. The competent authority shall endeavor, if the objection appears to it to be justified and if it is not itself able to arrive at a satisfactory solution, to
resolve the case by mutual agreement with the competent authority of the other Contracting State, with a view to the avoidance of taxation which is not in accordance with the Convention.

3. The competent authorities of the Contracting States shall endeavor to resolve by mutual agreement any difficulties or doubts arising as to the interpretation or application of the Convention. They may also consult together for the elimination of double taxation in cases not provided for in the Convention.

4. The competent authorities of the Contracting States shall agree on administrative measures necessary to carry out the provisions of the Convention and particularly on the proofs to be furnished by residents of either Contracting State in order to benefit in the other State from the exemptions or reductions in tax provided for in the Convention.

5. The competent authorities of the Contracting States may communicate with each other directly for the purpose of reaching an agreement in the sense of the preceding paragraph(s). When it seems advisable in order to reach agreement to have an oral exchange of opinions, such exchange may take place through a Commission consisting of representatives of the competent authorities of the Contracting States.

**Article 25**

*Exchange of Information*

1. The competent authorities of the Contracting States shall exchange such information (being information which is at their disposal under their respective taxation laws in the normal course of administration) as is necessary for carrying out the provisions of this Convention or of the domestic laws of the Contracting States concerning taxes covered by the Convention insofar as the taxation thereunder is not contrary to the Convention, in particular for the prevention of fraud or evasion of such taxes. The exchange of information shall not be restricted by Article 1. Any information received by a Contracting State shall be treated as secret in the same manner as information obtained under the domestic laws of that State and shall be disclosed only to persons or authorities (including courts and administrative bodies) involved in the assessment or collection of, the enforcement or prosecution in respect of, or the determination of appeals in relation to, the taxes covered by the Convention. Such persons or authorities shall use the information only for such purposes. They may disclose the information in public court proceedings or in judicial decisions. The competent authorities may, through consultation, develop appropriate conditions, methods
and techniques concerning the matters in respect of which such exchanges of information shall be made including, where appropriate, exchanges of information regarding tax avoidance.

2. In no case shall the provisions of paragraph 1 be construed so as to impose on a Contracting State the obligation:

(a) to carry out administrative measures at variance with the laws and administrative practice of that or of the other Contracting State;

(b) to supply information which is not obtainable under the laws or in the normal course of the administration of that or of the other Contracting State;

(c) to supply information which would disclose any trade, business, industrial, commercial or professional secret or trade process, or information, the disclosure of which would be contrary to public policy (ordre public).

Article 26

Diplomatic Agents and Consular Officers

Nothing in this Convention shall affect the fiscal privileges of diplomatic agents or consular officers under the general rules of international law or under the provisions of special agreements.

Article 27

Entry into Force

1. The Contracting States shall notify each other that the constitutional requirements for the entry into force of this Convention have been complied with.

2. The Convention shall enter into force thirty days after the date of the latter of the notifications referred to in paragraph 1 and its provisions shall have effect:

(a) in respect of taxes withheld at source, on amounts paid or remitted to non-residents on or after the first day of January in the calendar year next following that in which the Convention enters into force; and
(b) in respect of other taxes, on income or profits derived on or after the first day of January in the calendar year in which the Convention enters into force.

Article 28

Termination

This Convention shall remain in force until terminated by a Contracting State. Either Contracting State may terminate the Convention, through diplomatic channels, by giving notice of termination at least six months before the end of any calendar year after the expiration of a period of five years from the date of its entry into force. In such event, the Convention shall cease to have effect:

(a) in respect of taxes withheld at source on amounts paid or remitted to non-residents on or after the first day of January next following the notice of termination; and

(b) in respect of other taxes, on income or profits derived in any income year beginning on or after the first day of January next following the notice of termination.

In witness whereof the undersigned being duly authorized thereto have signed the present Convention and have affixed thereto their seals.

PROTOCOL

At the moment of signing this Convention this day concluded between the Government of the Republic of Venezuela and the Government of Barbados for the Avoidance of Double Taxation and the Prevention of Fiscal Evasion with respect to taxes on income, the undersigned have agreed upon the following provisions which shall be an integral part of the Convention.

Ad. Article 4

It is understood that if Venezuela changes its present territorial tax system to a world-wide system of taxation, paragraph 1 of Article 4 will be replaced as follows:

The term "resident of a Contracting State" means any person who, under the laws of that State, is liable to tax therein by reason of his domicile, residence, place of management or any other criterion of a similar nature, and also includes that State and any political subdivision or local authority thereof. This term, however, does not include any person who is liable to tax in that State in respect only of income from sources in that State.

Ad. Article 23

In case of Venezuela, paragraph 3 of Article 23, would only be applied if Venezuela changes its territorial tax system to a world-wide system of taxation. Meanwhile, for the purpose of the determination of the taxable profits of an enterprise, interest, royalties and other disbursements may be deducted in the same terms and conditions as if they had been incurred by a resident enterprise.
IN WITNESS WHEREOF the undersigned, being duly authorized thereto, have signed this Protocol.
